Period Covered by Contract: October 11, 2017 - October 10, 2022

Business Size: Small, Veteran Owned Business

Pricelist Current through Modification: A812 Effective June 19, 2020

TABLE OF CONTENTS

Customer Information	3
Security Engineered Machinery Pricelist (SIN 33411 & 811212)	6

CUSTOMER INFORMATION

1a. Table of awarded Special Item Numbers (SINs):

SIN	SIN Title
33411	Purchasing of new electronic equipment
811212	Maintenance of Equipment, Repair Services and/or Repair/Spare Parts
OLM	Order Level Materials

1b. Identification of the lowest priced service for each special item number awarded in the contract.

<u>SIN #</u>	<u>Model</u>	<u>Price</u>
33411	640ASB0202 ACC	\$74.00
811212	EW1:0202OMD ACC	\$395.00

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. Not applicable

2. Maximum order for each SIN:

<u>SIN#</u>	<u>MAXIMUM ORDER</u>
33411 and 811212	\$ 500,000
OLM	\$ 250,000

3. Minimum order: \$ 50.00

4. Geographic coverage (delivery area): Domestic and Overseas

5. Point(s) of production: USA

6. Discount from list prices or statement of net price: Net prices are included on this price list.

7. Quantity discounts: none

8. Prompt payment terms: Net 30 days Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold: Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold. Yes

10. Foreign items: none

11a. Time of delivery: 30 days ARO

11b. Expedited delivery: Items available for expedited delivery are noted in this price list.

- 11c. Overnight and 2-day delivery: Contact vendor
- 11d. Urgent requirements: Contact vendor
- 12. F.O.B. point(s): CONUS: FOB Destination. OCONUS: FOB Destination under 70 pounds, Origin 70 pounds and over.
- 13a. Ordering address(es):
SECURITY ENGINEERED MACHINERY CO., INC.
PO BOX 1045
5 WALKUP DR
WESTBOROUGH, MA 01581-1018
orders@semshred.com
- 13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.
- 14. Payment address:
SECURITY ENGINEERED MACHINERY CO., INC.
PO BOX 1045
5 WALKUP DR
WESTBOROUGH, MA 01581-1018
orders@semshred.com
- 15. Warranty provision:
HARD DRIVE CRUSHERS – 1 YR PARTS / 90 DAY LABOR
HARD DRIVE SHREDDERS – 1 YR PARTS / 90 DAY LABOR
DEGAUSSERS – 1 YR RETURN TO FACTORY
- 16. Export packing charges: none
- 17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level). none
- 18. Terms and conditions of rental, maintenance, and repair: All repair work will be guaranteed/warranted for a period of 30days
- 19. Terms and conditions of installation: Contact Security Engineered Machinery for specific product installation pricing.
- 20. Terms and conditions of repair parts: none
- 20a. Terms and conditions for any other services: none
- 21. List of service and distribution points:
SECURITY ENGINEERED MACHINERY CO., INC.
5 WALKUP DR
WESTBOROUGH, MA 01581-1018

- 22. List of participating dealers: None
- 23. Preventative maintenance: None
- 24a. Special attributes such as environmental attributes:
- 24b. Section 508 compliance: Not applicable
- 25. Data Universal Number System (DUNS) number: **005957329**
- 26. Notification regarding registration in the System for Award Management (SAM) database.

SECURITY ENGINEERED MACHINERY CO., INC's Pricelist (SINs: 33411 and 811212)

Manufacturer Part.	Product Name	Product Description (Required)	GSA FSS Price
6000202OMD	SEM 0202OMD Optical Media Destroyer	SEM Model 0202 OMD is designed for the destruction of optical media, including CDs and DVDs, and is evaluated and listed on the NSA/CSS Evaluated Products List for the destruction of CDs. This machine is designed specifically for optical media destruction and shreds at a rate of 2,400 discs per hour to a 2 mm x 3.9 mm final particle size. Features include an LCD touch screen display for ease of use and visual operator status, energy saver mode, small compact and mobile design, and an auto sync dual voltage power. Both power cords are provided so the system can be operated in either 110/120V-60Hz or 220/230V-50Hz. A basic start-up kit consisting of environmentally friendly vegetable-based oil lubrication sheets and a package of anti-static waste bags are included. Power: 1 HP; Feed opening: 5.5"; Waste collection: 15 gallon bin; System dimensions: 32"H x 20"W x 18"D, 170 LBS; Warranty: 1-year non-wear parts/90 day labor. TAA compliant. Made in USA.	\$ 3,895.00
EW1:0202OMD ACC	SEM Model 0202 OMD 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0202 optical media shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 395.00
EW2:0202OMD ACC	SEM Model 0202 OMD 2-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0202 optical media shredder by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 632.00
EW3:0202OMD ACC	SEM Model 0202 OMD 3-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0202 optical media shredder by an additional three years, providing four full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 829.50
640ASB0202 ACC	SEM Model 0202 OMD Bags 640ASB	SEM 640ASB bags are designed specifically for the SEM Model 0202OMD optical media destroyer. Bags are made of anti-static material to accommodate the plastic optical disks being shredded in the Model 0202OMD. Easy to install and remove. Case consists of 50 bags. Made in USA.	\$ 74.00
6000202OMD PB	SEM Model 0202 OMD Premium Bundle	SEM Model 0202 OMD Premium Bundle is designed for the destruction of optical media, including CDs and DVDs, and is evaluated and listed on the NSA/CSS Evaluated Products List for the destruction of CDs. The SEM Model 0202 OMD shreds at a rate of 2,400 discs per hour to a 2 mm x 3.9 mm final particle size. Features include an LCD touch screen display for ease of use and visual operator status, energy saver mode, small compact and mobile design, and an auto sync dual voltage power. Both power cords are provided so the system can be operated at 110/120V-60Hz or 220/230V-50Hz. Premium bundle includes 50 environmentally friendly vegetable-based oil lubrication sheets and a full case of anti-static waste bags, an extended warranty and an at-site preventative maintenance contract. Power: 1 HP; Feed opening: 5.5"; Waste collection: 15 gallon bin; System dimensions: 32"H x 20"W x 18"D, 170 LBS; Warranty: 2-year	\$ 3,999.00

600HDDEST	SEM Model 0101 Hard Drive Crusher	SEM Model 0101 hard drive crusher destroys hard drives and is listed and evaluated on the NSA/CSS EPL for Hard Disk Drive Destruction Devices. With just the push of a button, deliver a staggering 12,000 pounds of force to drives up to 1.85" thick, including drives found in laptops, desktop and server systems. Hard drives mounted in caddies up to 9" deep can also be crushed without having to remove the drive from the caddy. The drive is delivered catastrophic trauma by bending, piercing, mangling and boring a hole through the hard drive chassis while destroying the internal platter. The unit is quiet, 65 DbA when not crushing and 82 DbA when crushing. Vibration free. Destruction takes only eight seconds. A safety interlock prevents operation while the door is open to protect operators. Emergency e-stop button immediately halts operation when pressed. Dimensions: 10"W x 22"H x 19"D; Weight: 105 lbs; Warranty: 1-year parts/90-day labor. TAA compliant. Made in the USA.	\$ 4,524.00
850HDCANVI LACC	Replacement Anvil for SEM 0101 and 0100	Replacement anvil for SEM Model 0101 and/or Model 0100 hard drive crusher. Made in USA.	\$ 195.00
EW1:0101AC C	SEM Model 0101 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0101 crusher by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 450.01
EW2:0101AC C	SEM Model 0101 2-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0101 crusher by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 720.00
EW3:0101AC C	SEM Model 0101 3-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0101 crusher by an additional three years, providing four full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 945.00

Manufacturer Part.	Product Name	Product Description (Required)	GSA FSS Price
850SSDKIT	SEM Model 0101 SSD Kit	SEM Model 0101 SSD Kit includes an SSD anvil, wear plate, and press plate for the SEM Model 0101 hard drive crusher. Must be purchased at the same time as Model 0101, as the SSD Kit is installed with initial purchase only. With the SSD Kit, the SEM Model 0101 becomes a system that can effectively and securely destroy solid state data storage chips found on a wide variety of circuit/controller boards. The Model 0101 with SSD Kit destroys memory sticks, circuit/controller boards found on hard drives, solid state drives, cell phones, tablets, and similar devices. The SSD Kit does not include the Model 0101 hard drive crusher. They are sold separately. It is further designed to allow the operator to convert the system into the HDD crusher by removing the SSD Kit and installing the standard HDD anvil that comes with the package. The SEM Model 0101 SSD Kit includes: SSD anvil, SSD wear plate, SSD press plate.	\$ 2,326.70
600HDDDES TDEP	SEM Model 0101 with Deployment Kit	SEM Model 0101 hard drive crusher with deployment kit destroys hard drives and is listed on the NSA/CSS EPL for Hard Disk Drive Destruction Devices. With just the push of a button, deliver a staggering 12,000 pounds of force to drives up to 1.85" thick, including drives found in laptops, desktop and server systems. Hard drives mounted in caddies up to 9" deep can also be crushed without having to remove the drive from the caddy. The drive is delivered catastrophic trauma by bending, piercing, mangling and boring a hole through the hard drive chassis while destroying the internal platter in just eight seconds. The unit is quiet, 65 Dba when not crushing and 82 Dba when crushing. A safety interlock prevents operation while the door is open to protect operators. E-stop button immediately halts operation when pressed. Dimensions: 10"W x 22"H x 19"D; Weight: 105 lbs; Warranty: 1-year parts/90-day labor. Rugged deployment case includes custom foam inserts. TAA compliant. Made in the USA.	\$ 6,008.00
850HDCANVI LACC	Replacement Anvil for SEM 0101 and 0100	Replacement anvil for SEM Model 0101 and/or Model 0100 hard drive crusher. Made in USA.	\$ 195.00
EW1:0101AC C	SEM Model 0101 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0101 crusher by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 450.01

Manufacturer Part.	Product Name	Product Description (Required)	GSA FSS Price
HD-0303-150	SEM MODEL 0303 HARD DRIVE SHREDDER 1.5	SEM Model 0303 "Jackhammer" Hard Drive Shredder. Slow speed, high torque shredder uses specially designed saw tooth hook cutters. Volume: up to 12, one inch thick drives per minute or 750 per hour can be shredded down to a 1.5" by random lengths. Designed with a small footprint for an Office Environment or space constrained areas with safety and mobility in mind. It is clean, quiet, (65 to 78 dB), vibration free, small footprint and includes optional internal filters for dust and odor. Also ideal for shredding cell phones, blackberries & similar data storage devices. Mounted on casters for easy mobility. Shredded material is discharged into an easily accessible internal waste collection box. Optional Discharge Conveyor available. Power: 3 HP, Three Phase, 208, 230 or 460V; Feed Opening: 5.2"W x 1.5"H x 6" D; Dimensions: 46"H x 45"W x 21"D, 1,200 LBS; Warranty: 1 Yr parts / 90 day labor. MADE IN USA	\$ 25,400.00
EW1:0300AC C	SEM Model 0300 1- Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 1,900.00
EW2:0300AC C	SEM Model 0300 2- Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 3,040.00
EW3:0300AC C	SEM Model 0300 3- Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional three years, providing four full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 3,989.50
HD-0303-75	SEM MODEL 0303 HARD DRIVE SHREDDER .75	SEM Model 0303 "Jackhammer" Hard Drive Shredder. Slow speed, high torque shredder uses specially designed saw tooth hook cutters. Volume: up to 6, one inch thick drives per minute or 360 per hour can be shredded down to a .75" by random lengths. Designed with a small footprint for an Office Environment or space constrained areas with safety and mobility in mind. It is clean, quiet, (65 to 78 dB), vibration free, small footprint and includes optional internal filters for dust and odor. Also ideal for shredding cell phones, blackberries & similar data storage devices. Mounted on casters for easy mobility. Shredded material is discharged into an easily accessible internal waste collection box. Optional Discharge Conveyor available. Power: 3 HP, Three Phase, 208, 230 or 460V; Feed Opening: 5.2"W x 1.5"H x 6" D; Dimensions: 46"H x 45"W x 21"D, 1,200 LBS; Warranty: 1 Yr parts / 90 day labor. MADE IN USA	\$ 29,400.00
EW1:0300AC C	SEM Model 0300 1- Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 1,900.00
EW2:0300AC C	SEM Model 0300 2- Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional two years, providing three full years of warranty coverage. HD-0304-75	SEM Model 0304-75 Hard Drive Shredder	SEM Model 0304 hard drive shredder is listed on the NSA/CSS EPL for Hard Disk Drive Destruction Devices. This slow speed, high torque shredder uses custom designed saw tooth hook cutters to shred up to 2,500 drives (up to 1.65" thick) per hour to a final particle size of .75" wide x random lengths. Designed for high volume applications with safety and mobility in mind. SEM Model 0304 comes with a discharge conveyor to collect shredded material in collection receptacle of choice. Can shred cell phones, e-media devices, and more. Waste collection is easily accessible in an internal collection box with limit switches to shut machine down when full and for easy removal. Mounted on heavy duty casters for easy mobility. Power: 3-phase/20HP,/208, 230 or 460V; Feed opening: 2.5"H x 11"W; Dimensions with discharge conveyor: 67" H x 75" W x 94" D; Weight: 4,300lbs.; Options: conveyor covers, fork pockets, HEPA filters; Warranty: one-year parts/90 day labor. TAA compliant. Made in the USA.	\$ 52,447.00
EW1:0304AC C	SEM Model 0304 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0304 shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 4,999.00

600EMP1000	SEM Model EMP1000 Hard Drive Degausser	The SEM Model EMP1000 degausser features high performance, a variety of operator ease-of-use features and a high level of assurance that every degauss cycle is a success. On-board diagnostics confirm every erase cycle ensuring complete erasure each time, eliminating the need for a separate instrument to check the erasing force of the magnetic field. At 16,000 gauss, unit erases the highest coercivity magnetic media available today without the use of any adapters. Includes a variety of features, like a high-resolution LCD touch screen display with multi-colored icons to provide visual feedback. The fast charge cycle erases media in ten seconds. Also included is the magnetic field strength sensor to detect the strength of the magnetic field during operation. The auto door lock provides additional operator safety. A service required indicator and voltage sensing feature ensures that the capacitors are fully charged. 2-year limited warranty. TAA compliant. Made in USA.	\$ 10,999.00
EMP 1000-HS	SEM Model EMP1000-HS Degausser	SEM Model EMP1000-HS Electromagnetic Pulse Degausser is listed on the NSA Evaluated Products List for Degaussers. With a 20,000 gauss (2 Tesla) magnetic field, the system is capable of erasing classified information on longitudinal and perpendicular magnetic hard disk storage up to 5000Oe & magnetic tape up to 2800Oe. The system includes an internal built-in magnetic field verification system (gauss meter) that validates each erasure cycle. The system also provides a variety of operator safety and ease-of-use features which include a high resolution multi-colored LCD touch screen that provides instant feedback, an auto-sync dual voltage (110V or 220V) detection system and a fast cycle charge that erases media in less than 25 seconds. Auto door lock provides additional safety. Weight: 160 lbs. Dimensions: 11.4"W x 19"D x 23"H. System can accommodate media that is 1.05"h x 4.30"w x 5.85"d. Warranty: One year parts/90 days labor. TAA Compliant. Made in USA.	\$ 15,750.00
EMP-1000HS CASE	SEM Deployment Case for EMP1000 Series	deployable case for SEM Models EMP1000 and SEM EMP1000-HS. Includes heavy duty casters and handles, lockable and removable front and back panels, and custom foam inserts for maximum protection and efficient mobility. Weight with degausser: 224 lbs; Case dimensions: 31"h x 15.5"w x 24"d. TAA compliant. Made in USA. System warranty: one-year.	\$ 1,427.00
EW1:EMP1000	SEM EMP1000 Series 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) models EMP1000 and EMP1000-HS degaussers by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 1,299.00
EW2:EMP1000	SEM EMP1000 Series 2-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) models EMP1000 and EMP1000-HS degaussers by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 1,899.00
PMCON-EMP-C	SEM EMP1000 Series PM Contract	SEM EMP1000 Series Preventative Maintenance (PM) contract includes the following: Freight in, return freight, and factory service labor for the registered device.	\$ 999.00

Manufacturer Part.	Product Name	Product Description (Required)	GSA FSS Price
600HD2DE	Garner Model HD-2 Degausser	Garner Model HD-2 is the newest and most innovative product in the Garner line of magnetic media degaussers. The HD-2 erases hard drives (laptop, desktop and network drives up to 1" high) and high coercivity tape media, including all formats of LTO (1, 2, 3, 4), super DLT I & II, DLT, 9940, 3590, AIT 8mm and more, all without any adapters. Ideal for Unclassified, HIPAA and sensitive data that resides on all forms of magnetic media. With a continuous duty rating (no cooling necessary) quiet operation and 60 second cycle time, the HD-2 can fit on a desktop. Features: Capacitive discharge; Media size: Up to 1.50" x 4.25" x 5.86"; Power: 110 to 240VAC 50/60 Hz V; Cycle time: 60 seconds/continuous; Magnetic field: 8,500 Oe; Warranty: 1-year return to factory. Made in USA.	\$ 3,350.00
600MER-HDKITACC	SEM P3 Series Degausser Recertification	Re-certification of the NSA listed P3 Series MagEraSURE Degaussers (Model P3E, P3, P3R and/or P3M). Specially designed drives based on today's high-density hard disk recording technology, manufactured exclusively for SEM by Toshiba, are used for this process. To assure that the product is certified to factory specifications, SEM uses only high coercivity hard disk drives in the re-certification process. This tests the degausser in a worst case scenario and assures you that your product degausses LMR and PMR disk drives to current NSA approved levels. Recertification with other media, such as low coercivity data tapes or VHS tape, will NOT insure that the product meets factory specifications on the higher density disk drives required to meet NSA standards.	\$ 632.00
600HD-3WXL	Garner Model HD-3WXL Degausser	Garner Model HD-3WXL is an electromagnetic magnetic media degausser. The unit erases hard drives (laptop, desktop and network drives up to 1.66" high) and high coercivity tape media, including all formats of LTO (1, 2, 3, 4), super DLT I & II, DLT, 9940, 3590, AIT 8mm and more, all without any adapters. Ideal for Unclassified, HIPAA and sensitive data that resides on all forms of magnetic media. With a continuous duty rating (no cooling necessary) quiet operation and 10-second cycle time, the HD-3WXL can fit on a desktop. Features: Capacitive discharge; Media size: Up to 1.70" x 4.25" x 6.75"; Power: 110 to 240 VAC 50/60 Hz V; Cycle time: 10 seconds/continuous; Magnetic field: 9,000 Oe; Warranty: 1-year return to factory. Made in USA.	\$ 7,575.00
600MER-HDKITACC	SEM P3 Series Degausser Recertification	Re-certification of the NSA listed P3 Series MagEraSURE Degaussers (Model P3E, P3, P3R and/or P3M). Specially designed drives based on today's high-density hard disk recording technology, manufactured exclusively for SEM by Toshiba, are used for this process. To assure that the product is certified to factory specifications, SEM uses only high coercivity hard disk drives in the re-certification process. This tests the degausser in a worst case scenario and assures you that your product degausses LMR and PMR disk drives to current NSA approved levels. Recertification with other media, such as low coercivity data tapes or VHS tape, will NOT insure that the product meets factory specifications on the higher density disk drives required to meet NSA standards.	\$ 632.00

Manufacturer Part.	Product Name	Product Description (Required)	GSA FSS Price
600TS-1	Garner Model TS-1 Degausser	Garner Model TS-1 is listed on the NSA Evaluated Products List for Degaussers and combines Garner's proven solid-state technology and a 20,000 gauss erasing coil to deliver complete erasure of classified top secret data in 45 seconds. On-board diagnostics confirm each erase cycle ensuring complete erasure while eliminating the need for a separate instrument to check the erasing force of the magnetic field. The TS-1 can be easily transported to the location of the media for on-site erasure and de-classification. Unit erases 5000 Oe Hard Drives up to 1" high and up to 2,800 Oe high coercivity tape media including LTO, Super DLT I & II, DLT, AIT, 3590 Series, 8 mm and more, without any adapters. Safeguards built into the TS-1 check the stored power before each erase cycle ensuring complete erasure every time. Proprietary gauss sensor measures the erasing force in the coil at the time of discharge. LCD display messages report the status to the operator. 1-Year Warranty. Made in USA.	\$ 16,775.00
850HDCANVIL	Replacement Anvil for SEM 0101 and 0100	Replacement anvil for SEM Model 0101 and/or Model 0100 hard drive crusher. Made in USA.	\$ 195.00
600TS-1CASE	Garner Model TS1-Deployment Case	Custom transport case for Garner Model TS-1 NSA Listed Degausser. Allows TS-1 to be deployed to remote locations. Convenient quick release wheels are included and can be easily removed for pallet shipping. Custom made of durable, impact resistant composite-reinforced plywood, aluminum alloy and steel. Heavy duty locking latch system. Lifetime warranty on case. Made in USA.	\$ 1,072.00
EW1:0202OMD	SEM Model 0202 OMD 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0202 optical media shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 395.00
EW2:0202OMD	SEM Model 0202 OMD 2-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0202 optical media shredder by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 632.00
EW3:0202OMD	SEM Model 0202 OMD 3-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0202 optical media shredder by an additional three years, providing four full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 829.50
EW1:0300	SEM Model 0300 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 1,900.00
EW2:0300	SEM Model 0300 2-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 3,040.00
EW3:0300	SEM Model 0300 3-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0300 shredder by an additional three years, providing four full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 3,989.50

EW3:0301/0302	3 YR EXT WARRANTY FOR SEM MODELS 0301/0302	Extends standard Warranty on Security Engineered Machinery (SEM) Model 0301 or 0302 Hard Drive Shredder by an additional THREE Years	\$ 6,717.90
EW1:0304	SEM Model 0304 1-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0304 shredder by an additional year, providing two full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 4,999.00
EW2:0304	SEM Model 0304 2-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0304 shredder by an additional two years, providing three full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 7,998.00
EW3:0304	SEM Model 0304 3-Year Ext Warranty	Extends base warranty on Security Engineered Machinery (SEM) model 0304 shredder by an additional three years, providing four full years of warranty coverage. This extended warranty can only be applied at the time of initial product purchase.	\$ 10,523.00
600MER-HDKIT	SEM P3 Series Degausser Recertification	Re-certification of the NSA listed P3 Series MagEraSURE Degaussers (Model P3E, P3, P3R and/or P3M). Specially designed drives based on today's high-density hard disk recording technology, manufactured exclusively for SEM by Toshiba, are used for this process. To assure that the product is certified to factory specifications, SEM uses only high coercivity hard disk drives in the re-certification process. This tests the degausser in a worst case scenario and assures you that your product degausses LMR and PMR disk drives to current NSA approved levels. Recertification with other media, such as low coercivity data tapes or VHS tape, will NOT insure that the product meets factory specifications on the higher density disk drives required to meet NSA standards.	\$ 632.00
6000205EMD	Model 0205 Electronic Media Destroyer	The Model 0205 EMD destroys SSD media through custom destruction shafts with pyramidal shaped elements where media is passed through to ensure complete media destruction. Electronic media as well as SSDs are crushed between two rotating shafts and fall into a collection container for simplified, hand free collection of waste material. The SEM 0205 EMD produces end waste that meets DIN standard E-3 when destroying only the SSD board and DIN standard E-4 when destroying the entire systems including SSD drives, phones and tablets with the boards included. The Model 0205 EMD is a compact, self-contained destruction system with all components housed within a custom cabinet for maximum sound, odor and dust control and may be plugged into a standard 110V outlet with a 20Amp plug. Warranty: 1 Year non-wear parts, 90 Days labor. For replacement waste bags, use part number 640ASB0202.	\$ 8,368.70

Manufacturer Part.	Product Name	Product Description (Required)	GSA FSS Price
600SSD1-HS	SEM Model SSD1-HS SSD Disintegrator	The SEM Model SSD1-HS reduces solid state devices to waste particles of $\leq .5 \text{ mm}^2$ and meets DIN 66399 Standard E-7, smaller than the NSA requirement for sanitization of SSDs. Absolute destruction through repetitive high speed cutting of memory media ensures all data is properly sanitized. Items that can be destroyed in the Model SSD1-HS include solid state boards, RAM, smart phone/cell phone components, SIM cards, USB flash drives, compact flash and even optical discs. The Model SSD1-HS is a compact, self-contained destruction system with all components housed within a custom enclosure for maximum sound, odor and dust control. The Model SSD1-HS destruction capacity is dependent on the media being destroyed and the customer selected sizing screen. An ergonomic operator interface allows easy viewing and control of all machine functions. The Model SSD1-HS features an interlocked feed slide with integrated feeding protocols, safety interlocks, and an HEPA air filtration system.	\$ 38,054.00
200e	SEM Model 200e eMedia Disintegrator	The SEM Model 200e disintegrator has been evaluated by NSA with the standard 3/32" screen and meets the requirements of DIN 66399 T-6/E-5/O-5. This high security, versatile, office disintegrator is designed specifically for the destruction of data that resides on small storage devices such as flash media, thumb drives, SSD chips, optical disks, sim modules, etc. Model 200e Features: Designed specifically for the destruction of data that resides on small storage devices such as flash media, thumb drives, SSDs, SIM Chips, etc. Good size for locations with space constraints especially designed feed opening is included to minimize overfeeding of larger SSD devices that may cause jamming. Options and accessories: Waste collection bags, replacement/spare knives, replacement/spare screens. Power: 115V/20Amp. 220V/15Amp—50 or 60Hz is also available. Warranty: 1-year parts/90 day labor. UPC: 703510589965	\$ 8,623.08
HD-0302-375	SEM Model 0302 SSD Shredder, .375" particle at 460V	The SEM Model 0302-.375 hard drive shredder from SEM will shred up to 750 solid state hard drives per hour to an end particle size of just .375" wide, small enough to destroy the flash memory chips found on SSDs. It is also ideal for shredding other small electronic devices such as cell phones, smartphones, printed circuit boards (PCBs), memory sticks, PDAs, and similar electronic data storage devices. This slow speed, high torque hard drive shredder uses specially designed saw tooth hook cutters positioned to damage all memory chips and features the following: Take-away conveyor with vulcanized rollers and cover for added protection, Non-metallic collection bin, Modified in-feed chute dimensions for operator safety, Safety curtain flaps, Easy access clean out panels, Sturdy lockable casters, Exterior powder coated paint, Integrated hour meter, Warranty: 1 year parts/90 day labor. UPC: 703510590282	\$ 48,915.82

HD-0315-150/1	SEM Model 0315-1.5 Hard Drive Shredder	SEM Model 0315 HDD 1.5" Enterprise shredder is listed on the NSA/CSS EPL for Hard Disk Drive Destruction Devices and can destroy enterprise hard drives. The SEM Model 0315HDD is also appropriate for Unclassified/CUI destruction of solid state media, optical media, and assorted e-media. The Model 0315HDD for the destruction of rotational/magnetic drives has a 1.5 HP, slow speed, high torque shredder that was specifically designed for enterprise drive destruction. The system uses specially designed saw tooth hook cutters to chew up rotational enterprise hard drives at 1.5" particle size. This unit produces an HDD waste particle of 1.50". Power: 1-Phase/120V/60Amp. Feed opening: 5.125"x1.5"; Dimensions: 44"H x 45"W x 21D" Weight: 1,550 lbs.; Warranty: 1-year parts/90 day labor.	\$ 23,168.42
HD-0315-150/3	SEM Model 0315-1.0 Hard Drive Shredder	SEM Model 0315 HDD 1.0" Enterprise shredder is listed on the NSA/CSS EPL for Hard Disk Drive Destruction Devices and can destroy enterprise hard drives. The SEM Model 0315HDD is also appropriate for Unclassified/CUI destruction of solid state media, optical media, and assorted e-media. The Model 0315HDD for the destruction of rotational/magnetic drives has a 1.5 HP, slow speed, high torque shredder that was specifically designed for enterprise drive destruction. The system uses specially designed saw tooth hook cutters to chew up rotational enterprise hard drives at 1.0" particle size. This unit produces an HDD waste particle of 1.0". Power: 1-Phase/120V/60Amp. Feed opening: 5.125"x1.5"; Dimensions: 44"H x 45"W x 21D" Weight: 1,550 lbs.; Warranty: 1-year parts/90 day labor. UPC: 608819878270	\$ 23,168.42
HD-0315-75/3	SEM Model 0315-.75 Hard Drive Shredder	SEM Model 0315 HDD .75" Enterprise shredder is listed on the NSA/CSS EPL for Hard Disk Drive Destruction Devices and can destroy enterprise hard drives. The SEM Model 0315HDD is also appropriate for Unclassified/CUI destruction of solid state media, optical media, and assorted e-media. The Model 0315HDD for the destruction of rotational/magnetic drives has a 1.5 HP, slow speed, high torque shredder that was specifically designed for enterprise drive destruction. The system uses specially designed saw tooth hook cutters to chew up rotational enterprise hard drives at .75" particle size. This unit produces an HDD waste particle of .75". Power: 1-Phase/120V/60Amp. Feed opening: 5.125"x1.5"; Dimensions: 44"H x 45"W x 21D" Weight: 1,550 lbs.; Warranty: 1-year parts/90 day labor.	\$ 24,871.84

HD-0315-375/1	MODEL 0315 SSD SHREDDER .375" PARTICLE @ 120/1/60 - Single Phase	SEM Model 0315-.0375 Enterprise SSD Shredder. Single Phase, 110V, 20 amp. Destroys enterprise solid state hard drives, flash media, and USB drives. This small footprint unit is designed for enterprise solid state drive shredding of up to 90 enterprise or 350 consumer solid state drives per hour, or 750 e-Media devices. The 1.5 horsepower Model 0315-.375 is available with single phase or 3-phase power and is small enough for use in office environments or space constrained areas. This revolutionary device has 55% more torque than other shredders in this class, enabling it to cut through multiple plates and carriers. System is also ideal for shredding cell phones, smartphones, optical media, memory sticks, PCBs, and other related electronic storage media. Designed with operator ease-of-use and safety in mind, system features include the following: Mailbox style feed opening, Electrical limit switches to shut down machine when accessing cutting system or waste removal, Easy access waste collection bin, Illuminated controls to provide operator awareness of system status. Warranty: 1 year parts/90 day labor.	\$ 27,805.92
HD-0315-375/3	MODEL 0315 SSD SHREDDER .375" PARTICLE @ 208,230, 460/3/60- 3 Phase	SEM Model 0315-.0375 Enterprise SSD Shredder. Three Phase- various voltages available. Destroys enterprise solid state hard drives, flash media, and USB drives. This small footprint unit is designed for enterprise solid state drive shredding of up to 90 enterprise or 350 consumer solid state drives per hour, or 750 e-Media devices. The 1.5 horsepower Model 0315-.375 is available with single phase or 3-phase power and is small enough for use in office environments or space constrained areas. This revolutionary device has 55% more torque than other shredders in this class, enabling it to cut through multiple plates and carriers. System is also ideal for shredding cell phones, smartphones, optical media, memory sticks, PCBs, and other related electronic storage media. Designed with operator ease-of-use and safety in mind, system features include the following: Mailbox style feed opening, Electrical limit switches to shut down machine when accessing cutting system or waste removal, Easy access waste collection bin, Illuminated controls to provide operator awareness of system status. HD-0315-150/SSD/1	SEM Model 0315 Combo 1.5" Single Phase	SEM Model 0315-HDD/SSD Combo Unit is a dual chute shredder that is listed on the NSA/CSS EPL for Hard Disk Drive Destruction Devices for hard drive destruction and can destroy Unclassified solid state devices in a separate SSD chamber. The Model 0315-HDD/SSD Combo Unit has a 1.5 HP, slow speed, high torque shredder that includes two separate feed openings, one designed for rotational platter based hard drives and the other for solid state hard drives/devices. The system uses specially designed saw tooth hook cutters to chew up the rotational hard drives at 1.50" particle size and/or solid state hard drives and devices with a particle size of 0.375" wide. Additionally, the system is also ideal for shredding of data tapes, cell phones, smartphones, optical media, memory sticks, thumb drives, PCBs and other related electronic storage media. Power: 1-Phase/120V/60Hz. Feed opening: 5.125" x 1.5" each; Dimensions: 44"H x 45"W x 21"D Weight: 1,550 lbs.; Warranty: 1-year parts/90 day labor.	\$ 29,793.42

HD-0305HDD/SS D-100	SEM Model 0305 HDD/SSD COMBO HDD (1.00") and SSD (.375") Shredder	SEM Model 0305 HDD/SSD COMBO HDD (1.0") and SSD (.375") Shredder. This system features TWO Separate Feed Openings and Cutting Chambers: One designed for ROTATIONAL Platter based Hard Drives and the other for SOLID STATE Drives/Devices. The system uses specially designed saw-tooth cutters to shred Rotational Drives at 1" width and SSD Devices at .375" (small enough to insure the destruction of data storage chips used in SSD Devices) at a rate of 42 per minute or 2,500 per hour. With its integrated discharge conveyor, Shredded Material is deposited into a Gaylord Box or any convenient collection container. An optional Dual Belted Conveyor and Divider is available to keep shredded waste segregated. This model is also ideal for shredding cell phones, blackberries & similar data storage devices. Mounted on heavy duty casters for easy mobility. Power: 3-PHASE, 10 HP, 208,230 or 460V; Two Feed Openings: 5.25 X 2 Dimensions: 58" H x 58" W x 82" D; Weight: 2,500 Lbs; Options: HEPA Air Filtration System/ Replacement Filters, Removable In-Feed chute and Wider In-Feed SSD Opening (14.25"), Discharge Conveyor w/see-through Cover and Shroud, Divided Discharge Conveyor Chute and Conveyor Belt, COMBO Custom Cart Tipper - Sort Table / Steel Fork Pockets, and Extended Warranty. Warranty: 1 Yr non-wear parts /90-day labor. MADE IN USA UPC= 703510590046	\$ 61,215.00
